

Asia PKI Consortium Participates in Thailand's ETDA PKI Day 2025

The **Asia PKI Consortium (APKIC)** was honored to participate in the **ETDA PKI Day 2025**, hosted by the **Electronic Transactions Development Agency (ETDA), Thailand**. The event, held on **05 August 2025**, brought together regional experts and stakeholders to share knowledge and innovations in the field of Public Key Infrastructure (PKI) and digital trust.

APKIC's participation reflected its ongoing commitment to fostering regional collaboration, knowledge exchange, and the adoption of trusted digital identity frameworks across Asia.

Showcasing Regional Expertise

APKIC was well-represented by a strong delegation of members who contributed both through **technical presentations** and **live demonstrations** during the event. The Consortium extends its appreciation to:

- **Mr. Saiprasad K P (eMudhra, India)**
- **Mr. Tu Le Quang (Ministry of Science and Technology, Vietnam)**
- **Dr. Wei-Chung Hwang (ITRI, Taiwan)**
- **Mr. Nazril Mohd Ghani (POS Digicert, Malaysia)**

These representatives provided valuable insights on the progress and practices of PKI implementation across their respective economies, and took part in a **well-received panel discussion** that highlighted diverse national strategies toward secure digital transformation.

Demonstrating Applied Innovation

In addition to the expert panel and speeches, APKIC also hosted a **demo table**, where participants had the opportunity to explore live PKI-based solutions. This hands-on segment showcased how trusted digital identities and signature technologies are being practically deployed across sectors such as finance, e-governance, and cross-border trade.

The event served as a platform for knowledge sharing, where APKIC representatives exchanged implementation experiences and discussed opportunities for interoperability between ASEAN PKI systems.

ETDA's Recognition of Long-standing Collaboration

ETDA expressed its sincere appreciation to the Asia PKI Consortium for its **long-standing support and collaboration** with Thailand's digital trust ecosystem. The event included a special gesture acknowledging APKIC's role in strengthening regional partnerships and advancing standards-based trust infrastructures.

A Continued Commitment to Regional Trust Frameworks

Asia PKI Consortium remains committed to working closely with national agencies like ETDA and member economies to build interoperable, secure, and scalable PKI ecosystems across Asia. Events like ETDA PKI Day 2025 reaffirm the importance of multi-stakeholder collaboration in securing digital identities and enabling trusted cross-border digital services.

APKIC congratulates the organizers and participants for a successful event and looks forward to continued engagement in Thailand and across the broader region.
